
FIREBUSTERS

FIRE & LIFE SAFETY PROGRAM

October 5-9, 2026

Teachers~ you can use this program to help supplement your fire safety curriculum!
Please complete the worksheet during class or assign as homework.

Beginning **Monday, October 5,** five videos corresponding with activities on this worksheet will be available for viewing at the websites listed below. Watch the videos online or during the KTVZ news at 6:30 AM or PM each day for information to help complete the worksheet.

CENTRAL OREGON FIRE PREVENTION COOPERATIVE : **http://centraloregonfire.org/firebusters**

KTVZ : **http://ktvz.com/firebusters**

PLEASE RETURN WORKSEETS TO THE SCHOOL OFFICE BY THE **MORNING OF FRIDAY, OCTOBER 16.**

All participants will receive a coupon for a free ice cream cone from McDonald's!

Each school with over 50% participation will be entered in a Grand Prize Drawing for a special assembly that will include a visit from local first responders and possibly the AirLink helicopter. Students who return their worksheet could also be entered to win other prizes.

Your local fire agencies work together as the Central Oregon Fire Prevention Cooperative. We have partnered with public safety agencies and sponsors to create this annual fire & life safety program for kindergarten through fifth grade students in the Central Oregon area for **40 years**!

THANK YOU FOR HELPING EDUCATE OUR CENTRAL OREGON CHILDREN ON FIRE & LIFE SAFETY!

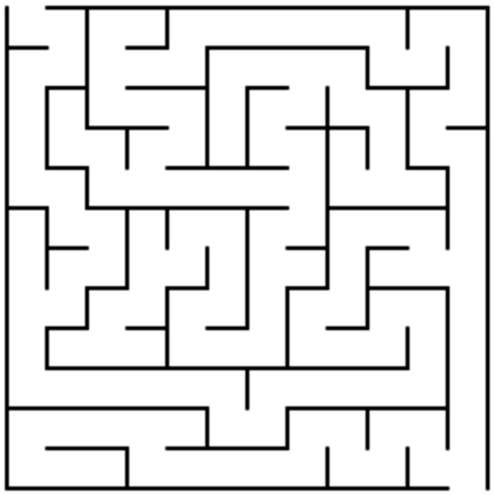
Go to www.centraloregonfire.org/firebusters to watch the accompanying videos and to print additional worksheets

MONDAY– RECHARGEABLE BATTERIES

Complete the maze below. Don't forget to review the safety tips along the way!

Start



Finish

Rechargeable batteries can be in toys, cell phones and E-Bikes

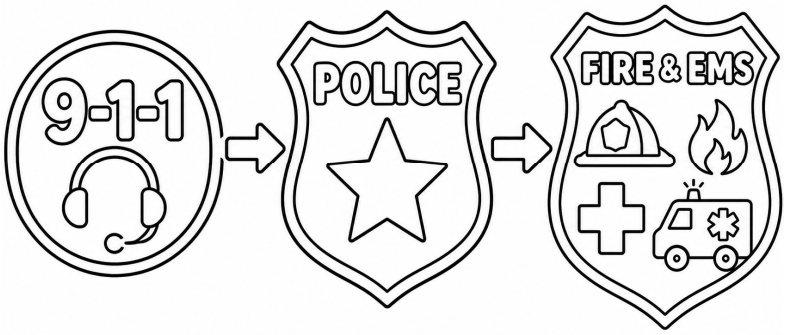
Never throw a re-chargeable battery in the trash. They can start a fire.

Do not use batteries if damaged or if they have changed shape

Remember that charging batteries can overheat and catch on fire, so it is important to only charge on hard surfaces. Unplug when the battery reaches 100%. Recycle old batteries.

TUESDAY– 9 1 1 RESPONDERS

Color the pictures below



Call 9 1 1 if you need help to stay safe, are sick or injured, or if there is a fire. A dispatcher will answer the phone and send police, paramedics or firefighters to help!

WEDNESDAY– E-BIKE & SCOOTER SAFETY

Fill in the blanks below using the following word and numbers:

16 Helmet 20

1. When riding a bike or scooter, always wear a _____. Make sure that it fits right and is buckled.

2. Oregon law says that people age _____ and older can ride an E-Bike or E-Scooter.

3. E-Bikes and E-Scooters are designed to go fast, _____ miles per hour or faster! That can make it hard to stop!

THURSDAY– ALARM SOUNDS

Draw a line to match the sound listed on the left with its meaning and the action to take listed on the right

BEEP…. BEEP…. BEEP	Smoke or Carbon monoxide alarm needs help. A grownup should change the battery, clean & test alarm. Replace if more than 10 years-old.
CHIRP	Carbon monoxide alarm is sounding. Follow your home escape plan and call 911 from outside.
BEEP.. BEEP.. BEEP.. BEEP	Smoke alarm is sounding. Follow your home escape plan and call 911 from outside.

FRIDAY– EVACUATION & ALERTS

Fill in the blank with the number 1, 2 or 3 to indicate which evacuation level is being described.

Level _____: Be Ready. Have a plan.

Level _____: Be Set. Have everything packed and ready to leave.

Level _____: Go NOW! Leave quickly to keep everyone safe.

All family members with cell phones should register to receive emergency alerts by going to www.oralert.gov
